HERE IS WHAT OUR CUSTOMERS ARE SAYING...

KAREN TALANSKAS, Engineering Office Administration Officer, Wattle Range Council

"We have only ever used BioBag and would recommend them, we have had no complaints from residents about them breaking or not performing well. The customer service from BioBag World Australia has been excellent and Geoff has done everything to keep us happy."

GARRY CONNORS, Ranger, Ballina Shire Council

"I would recommend BioBags for the environmental benefit of using the compostable bag and people are happy to use them and clean up after their dogs."

NOEL BUBNER, Senior Waste Officer, Mallala Council

"We were pleased with the quality; the bags are strong in use but break down very well in compost. We experienced no issues with the BioBag product."
